BRAZE
RELEASE
STRAIGHTEN

✓ Precise & Fast heat

- Focus intense heat on one point
- Achieve 800°C (red) in seconds

✓ Safe Operation

- No naked flame
- No collateral damage to rubber and plastic

✓ Functional & Flexible

Full range of inductions to suit many applications

- 6 metre cable with support hanger
- 4 metre power cable
- Dual control: foot pedal and hand control on the inductor
- 4 wheels, 2 with brakes.

- Wide range of applications, industrial, mechanical, workshop, truck & construction
- 3 phase power supply
- High capacity cooling system enables constant use at full power
- 3 possible inductors: 70°, 90° (included), straight
